Privacy Statement

The SCANMAN Invoice Approval Application is subject to Forza Consulting’s Privacy Statement as disclosed below. The Privacy Statement has been last updated on January 27th 2017.

Prelude
We request that you take notice of the SCANMAN Invoice Approval Application Privacy Policy. This privacy policy is applicable to all information that you receive and/or provide to Forza Consulting. Forza Consulting processes privacy sensitive information by means of the SCANMAN mobile application. Forza Consulting values customer privacy and therefore handles and protects your personal data with the utmost care. This privacy statement exemplifies what data is collected by the SCANMAN Invoice Approval App and to which purpose this date is used. This privacy policy is primarily intended for private individuals who use the SCANMAN mobile application.

Usage of (personal) data
When using the SCANMAN Mobile Approval application you, choose to disclose (personal) data to Forza Consulting. Forza Consulting only stores and uses (personal) data which has been directly provided by you. (Personal) data is used to verify that a legal license to use the SCANMAN app has been provided to you, (personal) data is not used for any type of statistical research nor does Forza Consulting store any additional data processed by the SCANMAN App.

Cookies
The SCANMAN Mobile App may use cookies or similar technology. This technology provides Forza Consulting with data on user behavior, which functions are most commonly used and measure the effectiveness. By using the App or any related services, you consent to us (or our technology partners) collecting and using technical information about the Devices and related software, hardware and peripherals for Services that are internet-based or wireless to improve our products.

Third party information provisioning
You declare to be aware that Forza Consulting may be required to reveal personal data upon request of public authorities.

Retention time
(Personal) data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

Security
By using the SCANMAN App or any related Service, you acknowledge and agree that internet transmissions are never completely private or secure. You understand that any message or information you send using the App or any related Service may be read or intercepted by others, even if there is a special notice that a particular transmission is encrypted.

Security measures taken by Forza Consulting to prevent unauthorized access to personal data include:
- Access to data requires entering the username and password
- Access to data requires an active account, managed by Forza Consulting and the system administrator of the client company.

Access to mobile device functions
Certain Services within the App make use of other functions on your device such as the calendar, phone and internet connection on your device. You can turn off this functionality at any time by turning through the settings on the device. If you withdraw such approval some or all functionality may not work as intended.

Changes to this privacy policy
Forza Consulting reserves the right to change this Privacy Policy at any time and encourages you to regularly read the policy and stay informed on any changes.

Third Party Privacy Policy
The App or any related service may contain links to other independent third-party websites (Third-party Sites). Third-party Sites are not under our control, and we are not responsible for and do not endorse their content or their privacy policies (if any). We encourage you to make your own independent judgement regarding your interaction with any Third-party Sites, including the purchase and use of any products or services accessible through them. Our Privacy Policy will not cover such Third-Party Sites.

Access to and modification of your data
For questions or concerns about this Privacy Policy, or if you wish to view your (personal) data, modify or remove it, you can contact Forza Consulting at info@forzaconsulting.eu.
